

Using the OCF Property Reference Grid Maps

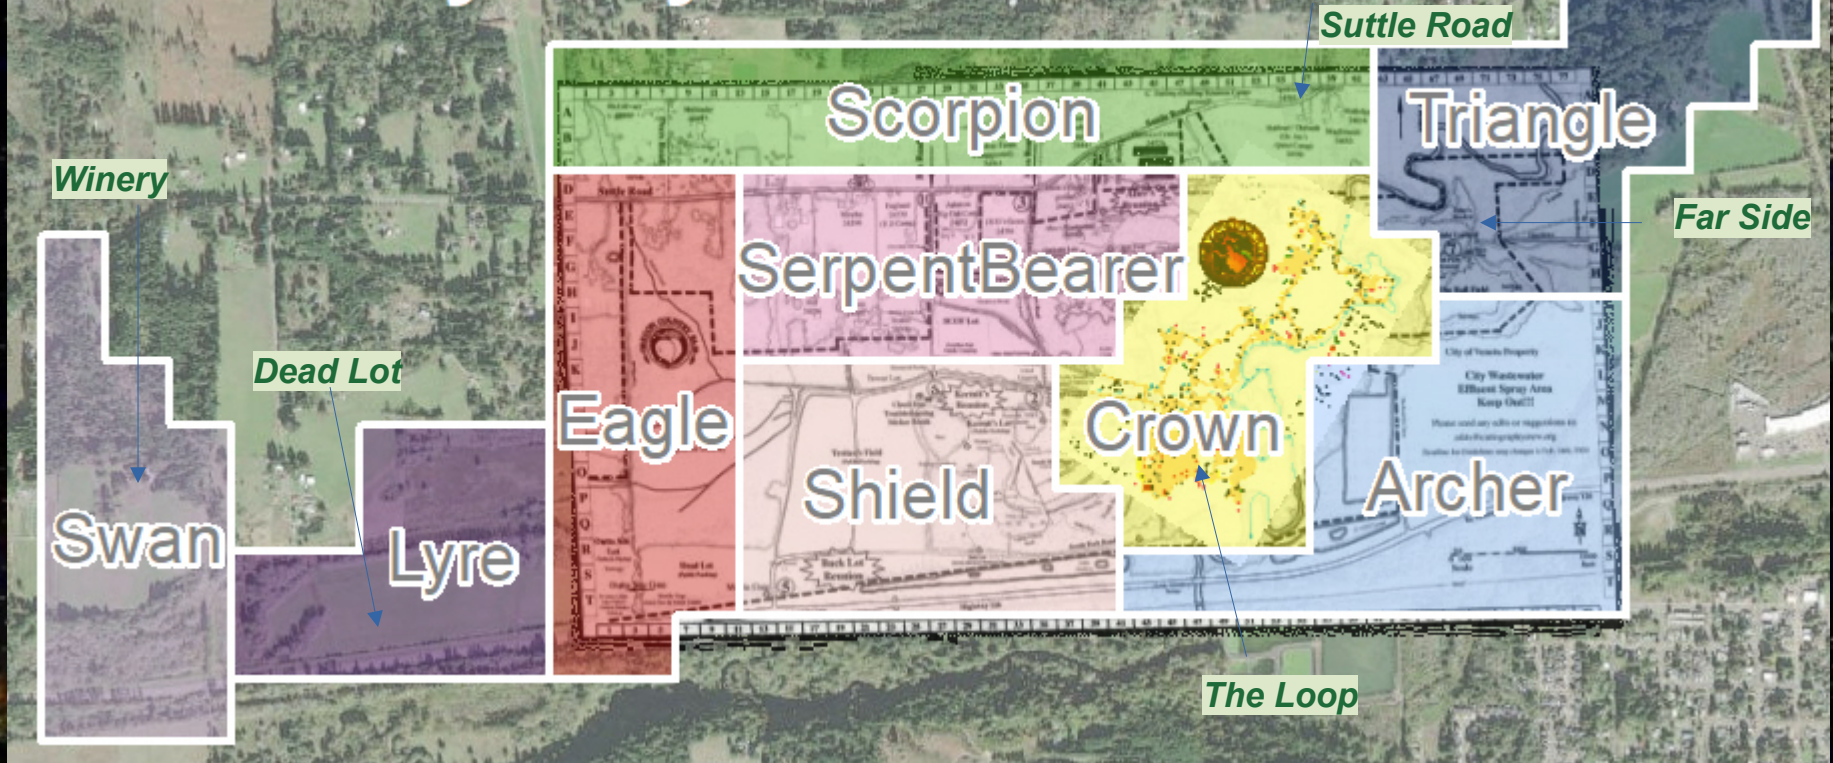

If you lay the Milky Way over Fair property, with north to the west, showing the July sky, you can be at one with the universe

Milky Way Constellations

The Loop is the jewel of the crown

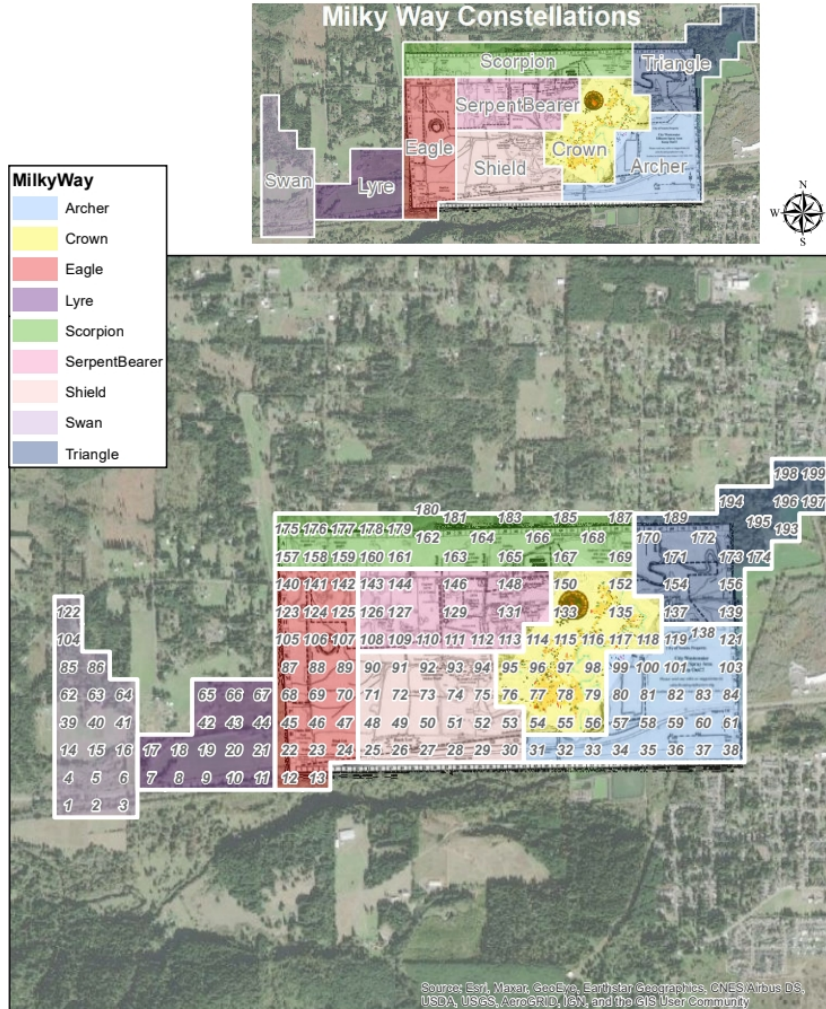

Milky Way Constellations

Each Section is named for the Constellation nearest it – from west to east: Cygnus, Lyra, Aquila, Scutum, Ophiuchus, Scorpius, Corona Australis, Sagittarius, Triangulum Australe

Use the
